DAP strives to comply with all applicable laws around the globe that are designed to protect your privacy. Although legal requirements may vary from country to country, DAP intends to adhere to the principles set forth in this Online Privacy Policy even if, in connection with the above, we transfer your Personal Information from your country to countries that may not require an "adequate" level of protection for your Personal Information. In other words, our goal is to provide protection for your Personal Information no matter where that Personal Information is collected, transferred, or retained.
